SECRET REPORT MADE ON PREPAREDNESS FOR WAR

CONGRESS TOLD OF COUNTRY'S WEAKNESS

McLachlan Demands Publicity
of Report Exacted by His
Resolution

HOUSE RESPECTS WISH
OF SECRETARY OF WAR

Administration Is Said to Deem
It Unwise to Expose Weak-
ness of Defense

WASHINGTON, Dec. 14.—Secretary of War Dickinson today sent to the House of Representatives an answer to the resolution of Congressman McLachlan demanding information as to the country's preparedness for war. An effort was made to smother the report, Speaker Cannon sending Secretary Dickinson word that it would be held secret.

The secretary refused to give publicly the information asked by the resolution. It is understood the administration deemed it unwise to publish the weakness of the national defense. McLachlan announced that he would demand the publication of the report. Speaker Cannon turned to Asher Hinds, the house parliamentarian, and asked several questions. Hinds informed him that the document was marked confidential, therefore the house could not receive it openly. The report was left in Hinds' possession and Secretary Dickinson was notified of the action of the house.

THE OLD FASHIONED MINSTRELS PLEASED

Richard & Pringle's Minstrels presented a good, old fashioned minstrel show at the Grand Opera House last night, and not a soul present but what enjoyed every minute of the "doings." The show was full of pleasing features. John A. Watts, one of the oldest minstrels on the road, who has been with the show for twenty years, was introduced. The old white-headed man sang "Silver Threads Among the Gold."

Entombs 26 More With
No Way of Escape

BLUEFIELDS, W. Va., Dec. 14.—Twenty-two miners were killed and twenty-six entombed in the Green mine at Tacoma, Virginia, according to a report received here this afternoon. The report states that the dead were killed outright by a terrific explosion and that the others have no avenue of escape. Rescue parties are endeavoring to enter the mine. A relief party equipped with oxygen helmets and surgeons' supplies is enroute to the scene of the disaster.

Supt. James Brownning entered the mine just prior to the explosion and was killed.

TWO MORE SUSPECTS IN OLATHE MURDER CASE

KANSAS CITY, Dec. 14.—Samuel Bailey, formerly employed on the Barnhart farm, with a woman claiming to be his wife, was arrested today as suspects in the Olathe murder case, in which Mrs. Barnhart, her son, and two farm hands were killed.

The pair were arrested on the strength of the statement of John Feagles, also a suspect under arrest, that George Barnhart, one of the victims, quarreled with Bailey shortly before the crime.

Bailey had Barnhart's hat when arrested, and also had a pair of blood stained overalls and a sack of money, the acquisition of which he was unable to explain. Bailey is a giant physically.

CONSERVATIVES GAINED ONE SEAT IN TODAY'S VOTE

LONDON, Dec. 14.—Returns from scattered constituencies this evening show a gain of one seat for the Conservatives in the Parliamentary elections, the result standing thus: Conservatives 251, Liberal-Laborites 255, Nationalists 62, O'Brienites 5.

HOUSE AND BARN AT EL MODENA BURNED

A house and good barn on the Peers place a half-mile northeast of El Modena were burned this morning. The place is owned by Rollins of Orange, and was leased to a Japanese strawberry grower named Slegi. The fire started in the house, a four-room California house. The origin is unknown. The wind carried the sparks to the barn, in which there were several tons of hay, and it, too, was soon afire. A tank from the house and a harness from the barn only were saved. Sparks were carried by the wind a quarter of a mile and started a fire in another barn. That fire was put out.

Date of Argument
District Attorney Davis has given notice to C. S. Hemstreet and his attorneys that the district attorney expects to go into the superior court on Dec. 23 to take up the points raised in the appeal of Hemstreet from the justice's court. Hemstreet was fined for selling liquor to a minor.

GARCIA IS IN COUNTY JAIL

Once in Flight to Mexico Santa
Ana Officers Were Hot
on Trail

Leodora Garcia was placed in the county jail this morning. Twenty months ago he fired two bullets into Luis Manzo, and left Manzo for dead. With his father, charged with the murder and mutilation of Reyes Molino, Leodora escaped to Mexico. Eight months ago he was arrested at Guadalupe. It has taken those months to secure his extradition and return to the city from which he fled.

On April 25, 1909, there had been gambling on Lincoln street, and blood that had been hot in feud for a long while broke loose. There was a row in which Manzo took part.

About sunset Manzo and his boy were driving east on Depot street when Leodora rode up behind them on a bicycle, and at close range emptied his revolver. Leodora fled, and Manzo's boy drove the horse until he found help. Manzo was in the hospital several weeks, but is now recovered and working.

That same night Reyes Molino, of the Manzo faction, was murdered in a brutal manner, and the body was left on the railroad tracks. Jose Garcia, the father of Leodora, was credited with the murder, though it seems certain that Leodora was present.

With officers hot on their trail, the Garcias fled, leaving Mrs. Garcia and two boys at the home at 1032 Lincoln street. Young Garcia admitted to Officers Cervantes and Murray, who brought Garcia here from Mexico, that they went to Beaumont immediately after the trouble here. While they were there, Officers Cervantes and Murray and Constable Smithwick reached Beaumont. The fugitives were warned. Garcia says they hid for thirty days in a lumber camp above Highland, and then made their way to Mexico.

Garcia is close-mouthed, and refuses to say anything at all concerning his father, and the murder of Molino was not mentioned by him to the officers.

Officers Murray and Cervantes spent two days at Juarez, across the river from El Paso, attending to the red tape necessary for the transfer of Garcia. When all was ready Capt. Maximilian Rangel, the Mexican officer, and his soldiers took the street car to the river. Cervantes and Murray walked back on the bridge from the customs house and met the captain and his prisoner at the boundary line, marked on the bridge. The captain took Garcia by the arm and shoved him across the line to the Santa Ana officers, and Cervantes handed the receipt, previously signed, back to the captain.

Garcia's name and the facts in the case were taken down by the customs house officers, who stated that in case Garcia is not convicted here he may be deported.

STATE'S RAILROADS KILL 306 IN YEAR

2175 Injured in Same Time—
Less 400 Than Number Hurt

SAN FRANCISCO, Dec. 14.—California railroads killed 306 and injured 2175 during the year ending June 30, 1910, according to the report of the railroad commission, issued today. This shows that five more were killed than the previous year, but four hundred less injured.

The report contains 425 typewritten pages, and is the most complete ever made by the board.

NEW MACHINE HELPS PACKING OR ORANGES

Redlands District Installs Device to
Prevent the Bruising of
Delicate Fruit

A machine, which it is believed will save much fruit for the packers of the Redlands district this season, is being installed in most of the packing houses there.

The machine is known as a shaper and is used to shape the upright edge of the dividing board of the shipping box so that the fruit will not be bruised in packing. The sharp edges of the board have bruised and caused the loss of many oranges each season. Before the box is put together the dividing board is run through the machine and it rounds the upper edge of the dividing board. When the box is packed and placed in the presser to pack the oranges tight the round edge of the fruit fits up against the board in such a manner that bruising is impossible.

"MOST DANGEROUS ENEMY CONSERVATION EVER HAD"

So Says Pinchot of Ballinger—Ex Chief
Forester Calls on Congress to
Give Decision in Case

WASHINGTON, Dec. 14.—Attacking the majority report of the Ballinger-Pinchot investigating committee, and calling upon Congress to place itself on record in the case, ex-Chief Forester Pinchot today discussed the so-called "whitewashing" of the Secretary of the Interior.

In the course of his remarks, he characterized Ballinger as "the most dangerous enemy that conservation ever had." He incidentally referred to the clean bill given Senator Lorimer by the Illinois legislature in its recent investigation.

"I am not concerned as to my own reputation or fortune in this matter," he continued, "but I want to see the people's representatives go on record one way or another, as the constituents of the men favoring the investigation are entitled to know which of the committee's reports, the majority or the minority, Congress approves. The question of whether Ballinger is an efficient and faithful public servant is unimportant beside the question of saving the Alaskan coal lands, and water power sites everywhere."

Pinchot arrived in Washington today. According to common report, he has finished a brief on the Cunningham claims, on which he worked several weeks in seclusion at Milford, Pa., and will present it to President Taft soon. Pinchot declared the "majority" report of the Ballinger investigating committee supports the policies Ballinger has pursued.

LUETTA SMITH HAS TOLD ALL OF STORY

Prosecution Has Dozen More
Witnesses in Case of
Dr Burke

SANTA ROSA, Dec. 14.—With the testimony of Luetta Smith practically completed, the prosecution in the trial of Dr. Willard Burke, on the charge of dynamiting the tent in which Miss Smith and her infant son were sleeping, is only fairly in the middle of its case. District Attorney Lea still has a dozen witnesses for the prosecution who have not testified. Their examination is not expected to occupy much time.

The defense will examine about thirty witnesses, and will probably place Dr. Burke himself on the stand. Attorney Lepo, for the defense, today declined to answer when asked if Dr. Burke would testify.

Trial Postponed
SANTA ROSA, Dec. 14.—The illness of Juror John Oeltjen has caused the postponement of the trial shortly after court convened today. Adjournment was taken until Monday.

CALIFORNIAN SOUNDS HARMON AND DIX SLOGAN

NEW YORK, Dec. 14.—Chairman Thomas Fox, of Sacramento, California, county Democratic committee, today launched a boom for Harmon and Dix, as the Democratic standard bearers in 1912.

"Dix's businesslike utterances on his recent trip to the coast impressed Californians," he said. "Out there we want to see more of him, therefore I have invited him to visit Sacramento next winter. Harmon and Dix sounds good to westerners, although Woodrow Wilson is strong in the Pacific northwest."

CONGRESS IS A COSTLY ONE

Spends \$100,000 Every Min-
ute Under Its Present Short
Hours of Labor

WASHINGTON, Dec. 14.—That the House of Representatives is spending \$100,000 every minute is the claim of certain disgruntled persons who are attacking congressmen because of the abbreviated sessions of congress up to date.

In the first seven working days of the present session congress was in session thirty-one and one-half hours, with an average hourly appropriation of six million dollars.

BUIST MILLIONS TO ROBERTA JANON

Granddaughter of Quaker City
Seed Man Protected by Will
From Adventurers

PHILADELPHIA, Dec. 14.—Robert D. Janon of Los Angeles, was made a millionaire today by the terms of the will of Robert Buist, the wealthy Philadelphia seed man. Buist's millions are bequeathed to the girl under certain restrictions calculated to protect her from adventurers.

She last year ran away with Frederick Cohen, a waiter in a Philadelphia hotel where she lived, and was later found in Chicago. The girl is Buist's granddaughter. She was en route from Los Angeles to Philadelphia when Buist died last night.

JURY ACQUITTED HATTIE LE BLANC

Canadian Girl Cheered When
Jury Declared Her Not Guilty
of Glover Murder

CAMBRIDGE, Mass., Dec. 14.—Hattie Le Blanc, aged seventeen, was acquitted today of the murder of Clarence Glover. The verdict was quickly reached. Before the case was sent to the jury the judge asked the girl if she cared to make a statement.

"I didn't kill Clarence Glover, and I want to go home to father," was the reply. Sympathy for the girl defendant was general and cheering followed the jury's verdict.

In his dying statement Glover accused the girl, saying:

"Hattie Le Blanc shot me."

When the verdict was read the girl sat with her family and friends and listened to the foreman intently.

Glover was a wealthy laundryman. Hattie was a Canadian girl, whom he brought to America to educate. Glover's wife was the chief witness for the prosecution.

The court's charge to the jury was generally regarded as favorable to the defense. Judge Bond dwelt at considerable length upon the reasonable doubt of the defendant's guilt, and pointed out the fact that the evidence was circumstantial.

The girl swayed slightly when the verdict was read and seemed about to faint, then burst into tears. She later recovered and smiled at the jurors.

RECORD DEED WHILE MAN IS STILL ALIVE

Hence Christ Fritz is Suing Man
and Wife He Thought Were
His Friends

THEY HAVE LAND
HIS MONEY BOUGHT

Alleges That Contract to Care
for Him Has Not Been Kept
by Defendants

Alleging that a man and wife whom he believed were his friends have taken advantage of his ignorance, Christ Fritz of Anaheim has begun suit against August Meinecke and his wife, Emma. The complaint in the case has been filed with the county clerk by Attorney Spencer of Anaheim.

The complaint sets forth the following allegations:

Fritz is a man 67 years old, uneducated and uninformed in relation to land matters.

For a long time he had known Meinecke and his wife, and had great confidence in them.

On Nov. 6, 1909, Fritz had \$3000 in cash and mortgage loans. That was all he had. The husband and wife wanted to get five acres of land adjoining theirs. It was agreed that the defendants should use the \$3000, after promising that they would give Fritz a comfortable home during the rest of his life, would provide him with food and clothing and \$100 a year. Fritz signed an agreement to convey the property to Mrs. Meinecke, and he also signed a deed of the five acres that was then purchased.

This deed was signed with the understanding that it should not be recorded until Fritz's death.

Fritz alleges that the contract was not kept, that he has not had a comfortable home, food and clothing, and has received but \$75. Moreover, the deed of the five acres to Mrs. Meinecke has been recorded, and Fritz is not yet dead.

On Dec. 10, Fritz demanded that the defendants place him in possession of his property. He now brings suit to have the court declare his equity in five acres.

TO MISSION VILLAGE FOR INVESTIGATION

Constable C. E. Jackson as officer of the Society for the Prevention of Cruelty to Animals went to San Juan Capistrano to investigate a report of alleged cruelty there. A short time ago Aaron Buchheim caught three men, two of them Mexicans, slaughtering hogs belonging to him. Two of the hogs had been butchered and sacked. A third had been slashed across the eyes.

The three men were tried before Justice Landell and were fined \$5 each, which fines they paid. It is understood that the hogs were settled for.

The report received by the humane officer was that the hog-killers had blinded three hogs with the intention of returning for them, knowing they would be easier to catch. Jackson went to the mission village to find out the truth in the various reports.

POSTMASTER GENERAL'S ANNUAL REPORT FOR 1910

WASHINGTON, Dec. 14.—From the annual report of Postmaster General Frank Hitchcock the following essential points are taken:

A year ago the fiscal records of the postal service disclosed a deficit of seventeen and a half million dollars, the largest in the history of the country. In the space of twelve months a reduction of eleven and a half mil-

lions has been made in this deficit, the excess of expenditures over receipts as reported for the year ended June 30 last amounting to only \$5,848,566.88.

It is most gratifying to report that this unprecedented reduction has been made without any curtailment of postal facilities. On the contrary, the service has been largely extended.

Extension of Service

In furtherance of this policy there were established during the year over 1500 new postoffices, while the rural delivery system was greatly extended by putting into operation 515 new routes, traversing altogether 12,235 miles.

There were appointed from the eligible lists of the Civil Service Commission over 1800 postoffice clerks to enlarge the working forces of city postoffices and over 1000 additional letter carriers. The railway mail service was strengthened by the appointment of about 750 employees, all of whom were taken from the civil service eligible list. The aggregate salaries of the new civil service employees appointed during the year exceeded \$2,000,000.

About \$1,750,000 was expended in advancing the salaries of postoffice clerks, while the compensation of city letter carriers was raised to the extent of \$1,226,000. Railway mail clerks received increases of salary aggregating nearly \$250,000.

Second Class Mail

In regard to the enormous loss of the government in handling second class mail, Mr. Hitchcock says:

A remedy should be promptly applied by charging more postage. In levying the higher rates it is believed that a distinction should be made between advertising matter and what is termed legitimate reading matter. For legitimate reading matter in periodical form, the department favors a continuation of the present low postage rate of 1 cent a pound, and recommends that the proposed increase in rate be applied only to magazine advertising matter.

Newspapers are not included in the plan for a higher rate on advertising matter because, being chiefly of local distribution, they do not employ the mails to any such extent as the widely circulating magazines.

Rural Mail Service

The advantages of rural delivery are such as to warrant its further extension even at a considerable loss to the government. It is believed, however, that without checking the proper development of this branch of the postal service a material reduction can be made in the rate of expense

incurred. The consolidation during the year of the star route and rural delivery systems will undoubtedly accomplish much in this direction.

Postal Saving System

Of postal savings banks he says: In order to make the first trial of the new system as comprehensive as possible under the limited appropriation provided by Congress, a single postoffice in each state and territory has been selected at which postal savings deposits will be received from the first of January next.

The amount appropriated for the first year of the system was only \$100,000, and from this sum must be paid all the expenses of equipment.

Parcel Post

The recommendation made in the last annual report of the department for the introduction of a limited parcel-post service on rural routes is earnestly renewed. It is believed that as soon as the postal savings system is thoroughly organized the Postoffice Department should be prepared to establish throughout the country a general parcel post.

Postal Note

It is again recommended that congressional authority be secured for the issue of money orders in fixed amounts not exceeding \$10, to be known as postal notes and to be payable on presentation at any postoffice.

Crusade Against Fraudulent Use of Mails

The crusade started by the Postoffice Department early in the year against the fraudulent use of the mails has been pushed with great vigor. During the last few months the principal officers of 34 corporations, companies, and firms have been placed under arrest by postoffice inspectors for swindling the public by this method. In 46 additional cases individuals have been arrested for conducting similar schemes to defraud. It is estimated that the 80 important cases recently brought to a head represent swindling operations that have filched from the American people in less than a decade fully a hundred million dollars.

Civil Service for Postoffices

The entire postal service should be taken out of politics. The recent order of the President classifying, on the recommendation of the department, all assistant postmasters, was an important step in the right direction. As a still more important reform, presidential postmasters of all grades, from the first class to the third, should be placed in the classified civil service.

The President issued an executive order dated September 30, 1910, that became effective December 1, placing within the competitive service the position of assistant postmaster at every first and second class postoffice. In addition to the assistant postmasters, who number 2237, the order includes also 1386 clerical positions in first and second class offices. With this action practically all positions in the postoffices mentioned became a part of the classified competitive service.

CHINA'S ADVANCE

Some time since the announcement was made that China would soon join the ranks of the Constitutional Governments. It was expected that a change of such magnitude would take some years in the making, but now the first of the coming year is semi-officially fixed as the date for the consummation of the revolution. From time to time the statement has been made that the rulers of China had determined to place their country in the front rank of the world powers, and the carrying out of this change will be accepted as proof positive of their good faith. The history of the world has contained no revolution more pregnant for good or ill to the human race than that which is now in progress in Asia and our philosophers may well study it with care. No one can now foresee with any certainty what the outcome will be, but the most casual observation gives enough of its possibilities to furnish us all with abundant food for reflection.

The Stockton High School principal who undertook to regulate the style in which his young ladies dressed and decorated themselves, has discovered that there are some things even a teacher cannot do. All the objectionable features of his rule have been explained away and the ladies are left to follow the dictates of their own sweet will, according to immemorial custom. In this case it is perhaps safe to venture the guess that it was the man who learned the lesson.

The greater number of people the president consults about those Supreme Court appointments the more trouble he finds. It is barely possible he may have to suit himself after all and let the others go.

A LIBERAL OFFER

We Guarantee to Cure Dyspepsia—If We Fail the Medicine Costs Nothing

—To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it. The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well known properties of Bismuth-Subnitrate and Pepsin have been combined with carminatives and other agents. Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food are impossible. The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on your own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember you can obtain Rexall Remedies only at Dean's Drug Store, 194 West Fourth street. The Rexall Store.

Postponed "Y" Meeting.

There was no meeting of the "Y's" this week, as the play that was to have taken the place of the regular meeting was postponed on account of the young people's revival services now progressing at the Methodist Church, South.

The play, which was postponed, will be given on Friday, December 30, in the Sunday school room of the First Congregational church. The play is entitled "Aunt Dinah's Pledge," and promises to be a very

interesting production. A capable cast will present the play, which is of a temperance nature, but which is bright and sparkling.

Christmas Cantata

Rehearsals for the Christmas Cantata to be rendered by the First Methodist choir with the assistance of one or two outside soloists and a group of carol singers, under the direction of Mrs. Finlay Hotchkiss of Los Angeles, and supplemented by the harpist, Miss Ouliet, of that city, are progressing most favorably.

The cantata, "The First Christmas," written by Whitney Coombs, will be given on Sunday night, Dec. 25, and the following singers will take part:

Soloists, Mrs. Finlay M. Hotchkiss, soprano; Miss Hill, contralto; Mr.

George Dryer, tenor; Mr. Lloyd Sharpe, basso.

Quartet, Miss Nora Whitzell, Mrs. K. B. Pierce, Messrs. W. P. Coffman and W. D. Baker.

Carol singers, under direction of Mrs. C. W. Burns: Mrs. C. W. Burns, Bessie Bower, Corinne Burns, Edward Burns, Esther Coffman, Ethel Coffman, Keith Davis, Laura Davis, Isabel Jayne, Maxwell Jayne, Christine Murkett, Philip Murkett, Gladys Neff, Dorrell Pierce, Vivian Pierce, Sarah Snow.

Visited Westminster Lodge

A deputation of thirty members from Torosa Rebekah Lodge, headed by the noble grand, Miss Myrtle Wilson, visited Westminster Rebekah Lodge last night, making the trip in automobiles and three-seaters. The visiting Rebekahs took charge of the Westminster meeting, and Miss Wilson with her staff initiated a class of five. Following the work of the lodge, the Westminster ladies served an appetizing supper and a delightful social time was enjoyed. The lodge at Westminster was at one time one of the most successful in the district, but for a time lost its splendid spirit and grew somewhat weak. However, it has now taken on a new lease of life and promises to soon be enjoying its old time prosperity and vigor.

Art Study Club

The Art Study Club held a most interesting meeting last evening at the home of Mrs. A. J. Padgham, the members assembling half an hour before the regular meeting time in anticipation of a program somewhat longer than usual. The president, Miss Wyant, called for reports of the district meeting of the Federation of Women's Clubs, held last week at San Bernardino, and the two delegates responded, Mrs. Lawton giving a comprehensive report of the whole session and Mrs. Padgham reading the helpful and suggestive paper presented at the convention by Mrs. R. C. Harbison, district chairman of the art department.

The theme of the evening's study was Japanese Pottery and Porcelain. Mrs. Swanner, in a fine introductory talk, sketched the history of the subject from the earliest examples of pottery brought from Korea up to the present day Japanese productions. In comparing the Japanese view with the Chinese she said that in China porcelain is everything, while with the Japanese pottery is of prime importance. Thus in Japanese collections ancient Korean pottery holds first place, followed by Chinese porcelain, and last of all by Japanese porcelain. Some of the earliest pottery of Japan originated in acts of mercy. Small clay images representing slaves were made and buried beside the nobles as substitutes for the slaves themselves. In 1598 the Japanese brought home seventeen potters from Korea to the Lord Satsuma. These increased to five hundred families and Satsuma is considered the finest of Japanese wares. Old Japanese ware is much better than most of the modern owing to the commercializing influence of the Dutch trade.

Mrs. Montgomery read an interesting paper dealing with the classification and description of the various kinds of Japanese porcelain. The Chinese paste is artificially mixed, while the Japanese is a natural production resulting from the finding at an early date of a porcelain stone. The Chinese glaze is milk-white and the Japanese grayish or greenish, with many imperfections. The most popular of the Japanese decorations are the seven gods of good fortune—long life, daily bread, rich-

Mrs. Kraft, Mrs. Padgham's sister, who is spending the winter in Santa Ana, contributed much to the pleasure of the evening by two vocal solos, and then the ladies gathered around the table and enjoyed to their hearts' content the beautiful specimens of Japanese china brought to the class by the different members.

ENDORSEMENT OF STEWART

Resolution Passed by Republican Gathering at Anaheim Monday Night

ANAHEIM, Dec. 13.—At a meeting held here last evening in Odd Fellows' Hall, composed of representative Republicans from Placentia, Fullerton, Buena Park, Orange, West Anaheim and Anaheim, a resolution was passed endorsing the candidacy of A. I. Stewart of Fullerton, for the appointment for the four year term, as Assessor of Orange county, to fill the vacancy caused by the death of Assessor-elect W. M. Scott. The gentlemen present assured Mr. Stewart of their assistance in all honorable ways to secure the appointment.

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

Every intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true remedy for the cure of these conditions, and that is Dr. Pierce's Favorite Prescription.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, anxious to print, as they do, the formula or list of ingredients, of which it is composed, in plain English, on every bottle wrapper.

LOVE'S YOUNG DREAM IN THE CONCRETE IN SOUTHERN CALIFORNIA

That love's young dream is still extant in this land of divorce-every-minute-or-so, is evidenced by a letter just received by the Register, in which a request is made for a paper of certain recent date containing the publication of the marriage license secured by the parties interested. The remainder of the letter is given below, with the names of the principals omitted, so that they may continue to keep their blissful secret.

"Find enclosed 15c in stamps, which I trust will cover cost of paper and postage. Kindly let me know if this is not enough to cover expenses and I will gladly send the amount needed."

"We are keeping our wedding a secret from all of our friends and have been successful for almost three weeks. No one knows it but my mother and father. They had to know it for I am under age and had to have their consent. Rev. — married us and mamma was present. We are so very happy."

"Trusting that you will also keep it a secret or just forget it, I thank you in advance for your kindness. Regretting any trouble that I may have caused you and hoping to receive the paper at an early date, I am
"Gratefully and sincerely yours."

REDLANDS GROWERS FORM ASSOCIATION

Important Work of Organization Will be to Protect Trees Against Scale

A recent meeting of the stockholders of the Redlands Orange Growers' Protective Association has resulted in steps being taken for the completion of the organization and the work that is to be done for the protection of the growers was discussed.

A new board of directors, consisting of 22 of the largest growers in the district, was elected at the meeting.

The new directors are R. N. Woodworth, J. O. Riddell, J. W. Pears, M. Phinney, A. P. Kitching, C. H. Clock, E. I. Martin, G. E. Gill, S. E. Grottenberg, Ben Hodge, R. H. Cochran, J. Frank Gore, H. W. Louthan, William Currer, J. A. O'Kelly, C. A. Tripp, Webster Craft, J. G. Grepe, S. S. Garland and H. E. Sherman.

More than 250 growers have signed the pledge of the organization, which provides that the growers will work together for the best interests, to audit the books of the packers and protect against the ravages of the scale. The purpose of auditing the books of the packers is to get them in such shape that the grower can tell just where his fruit has gone, how much there has been and what price has been paid for it.

The most important purpose of the organization, however, is to take steps to protect the trees against the scale. The fumigating work has been carried on for a time now by the county. Now, however, it will be left to the growers, and the organization has been formed to carry on the work of fumigating. This will be done by assessment on acreage. Three thousand acres have been signed.

LOS ANGELES PRODUCE MARKET

Christmas has had the blame of an advance in popcorn boosted upon it. There has been a very heavy call for this particular product in the past two weeks, and it is increasing daily. Eastern and California popcorn have both gone up. The eastern corn is now quoted at from \$4 to \$4.25, while the California corn is selling at \$3.75 to \$4. There is no great difference in the popping quality of the corn, the local production being not quite as large and white as that from Iowa. The call for nuts continues very nicely and prices are holding very firm. Dealers are all cleaning up on walnuts and almonds, and there will not be a great many sacks of these varieties left in the hands of wholesalers at the end of the holidays. Honey is another product which is moving well. A big sale of water-white comb honey was reported this week at 16 cents a pound. Extracted is not in as great call.

The egg market was firm and unchanged. Receipts were only seventy-nine cases. The demand for eggs was very brisk and with local failing to fill the supply, the call for storage stock was heavy.

The Elgin butter market is quoted at 30 cents. Chicago continues 2 cents under that price, but an advance is expected. New York is up.

to 32 cents, and San Francisco is asking 1/2 cent more than that. This leaves the local market still higher than any other in the country, and prices are merely steady. Receipts of butter were 21,739 pounds. Storage cheese is selling faster than the new arrivals, being quoted just fractionally below the market on any new cheese. Since cheese is the one commodity which gets better with age, there is little distinction between the grades. Cream brick, Swiss and Edam were storage variety in demand yesterday. Eastern dairy, fresh, sold freely at 17 3/8 cents in a jobbing way. Arrivals were 1098 pounds.

There is an easy feeling on the local market owing to the fact that all dealers are fully stocked, and it is hard to move the potatoes now arriving that are not filling last month's future sales. Arrivals of spuds were 1350 sacks.

Two cars of onions, 640 sacks as a total, were received. The demand was best for Australian Browns. A heavy jobbing sale at \$5.75 distinctly shows where the local market on beans stands. There were no changes in any bean prices and no receipts were published.

Two cars of northern sweet potatoes, shipped in on account of the high local market, arrived yesterday. With the heavy demand on at present it will not take long to absorb the stock at practically the same figures prevailing today, \$2 to \$2.35 per hundred. Total receipts of the stock were 1139 sacks.

Apple arrivals were 2400 boxes. Fancy Bellefleurs of 4 1/2-tier size sold freely at 95 cents among the jobbers. A heavy call for cranberries forced the price of that stock up to \$13.50 a barrel, the biggest price recorded this year. There are very few of these berries in the hands of the wholesalers.

Fish receipts were good. Bonita, rock cod and barracuda were the chief arrivals. Small fish were not very plentiful.

DONATIONS ASKED FOR RANSOM HOME

W.C.T.U. Women Tell of Work of the Home and Some of Its Pressing Needs

The W.C.T.U. held a very interesting meeting yesterday afternoon at the home of Mrs. Anna Gale, 922 Spurgeon street. Mrs. Stroup led the devotional service.

The subject for discussion was "The Southern California Home for Women and Children." Mrs. Vawter, the county superintendent of this department, made a visit to the Home on last Friday, which is situated at Highland Park, Avenue 57, Los Angeles, and was well prepared to give a full description of the Home and to tell what was needed. Mrs. Vawter made a very interesting talk and answered all questions more satisfactorily by the recent visit.

This home was formerly known as the Ransom Home, but recently the name was changed and it is now known as the Southern California Home for Women and Children. The home is beautifully situated and comprises four acres of very valuable land. It is all set out in fruit trees, which afford all fruits necessary for the home. They have an eucalyptus grove which supplies the most of the fuel; fowls are kept which more than supply their needs in that line.

Mrs. Woods, who is the super-

tendent of the home, is a fine business woman, and it is through her that the home is kept up on such a splendid financial basis. There are now seventeen old ladies enjoying the freedom of this home. There should be help for the women who are aiding the home, in their labor of love, and uphold their hands in their effort to make the world brighter and better. Money is needed more than anything else to meet the needs of the home, but any clothing suitable for old ladies, towels, bed linen, bed clothing, rugs, magazines, and anything that can be used in the ordinary home is of value to them.

Mrs. Gale, the department superintendent, is about to send some supplies, but has not yet received enough to fill the box, and all who can help are asked to send in such things as are useful in the home at once, that they may be forwarded for Christmas. Send to 922 Spurgeon street. The union voted to send a donation of \$10 to the home, and a donation of money was also voted to help the Spanish Christmas treat.

Anyone having toys, games, books, etc., that are not needed any longer will please donate them to the Juvenile Detention Home.

The union voted to send a box of magazines to Arizona.

Some time ago the unions of Southern California made hundreds of comfort bags for the ship "State of California," when it should come into harbor. As it did not come, and it is not known when it will arrive, it has been decided to use them for sailors on tug boats and where they could be used to the best advantage. They will be put in charge of a man who has that work at San Pedro. Mrs. Clay Kellogg is superintendent of that department for Orange county.

Each member of Orange county will be requested to write a letter to the governor of the state and to President Wheeler of California University at Berkeley, petitioning them to stop the use of liquors and tobacco at school functions, which is said to be sanctioned by the president of the university, as was recently seen in the evening papers. The time for writing the letters will be announced later.

There will be no meeting of the Union December 27. The next meeting will be held at the home of Miss Sarah Finley, January 10th.

Santa Ana People Have Found That This Is True

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.

Many Santa Ana people rely on it. Here is Santa Ana proof. W. A. Irvine, 818 E St., Santa Ana, Calif., says: "I am as firm a believer in Doan's Kidney Pills now as when I publicly vouched for their merits in March, 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache and sharp pains through my loins and left side. This medicine has also been helpful in other ways, relieving soreness through my bladder and regulating the passages of the kidney secretions. I have had a number of people question me in regard to my experience with Doan's Kidney Pills, and on such occasions I have always spoken highly of this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Take Courage! Internal Treatment Will Cure.

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as Rowley Drug Co., Santa Ana, Cal., guarantee it.
